

Ocean Gardens (Inc.) Disclosure and Privacy Statement

A FULL DISCLOSURE POLICY

Ocean Gardens (Inc.) has adopted a disclosure policy that informs village residents of all aspects of the village operations.

Our Annual Reports and Constitution are readily available and can be downloaded from the website.

Also available are the Operations Budget and the audited Operations Accounts for the Village.

The current Operations Budget document is a full colour publication clearly setting out the full financial position, forecasts, detailed tables and analyses of all services, utilities and facilities.

The operations budget is set with the intention that the fees paid by residents over the year will meet the operating costs.

If a surplus did arise it could be applied to reduce costs in the ensuing year.

PRIVACY POLICY

Ocean Gardens is naturally concerned about your privacy and is committed to ensuring that any personal information collected is used only for the purpose for which it was collected.

The procedures that we have put in place have been done so to provide for the protection of your privacy as required under the Australian Privacy Laws. Your information is regarded with strict confidentiality and processed within our office by staff who are diligent in their duties.
